RESUME

SUMMARY

Full stack web developer and graduate of the Ironhack's Web Development Bootcamp. Diverse experience in developing projects and public relations strategies, as well as working with C-Suite executives and high-ranking officials. Led teams of 5-10 people and managed projects funded by the US Department of State, NATO and Dutch Ministry of Foreign Affairs. Fluent in English, Romanian and Russian.

WORK EXPERIENCE

INFORMATION WARFARE CENTER, UNITED STATES
FULL STACK DEVELOPER   May 2021 – Present
- Designed and developed the website for CSI Linux(.com), using MERN stack - MongoDB, ExpressJS, ReactJS, and NodeJS.
- Built SEEINTEL - a search engine where registered users can retrieve threat intelligence about web domains

PROJECT MANAGER   Apr 2019 – Present
- Designed the content for 10 publications of the Cyber Secrets series of books and Weekly Awareness Reports.
- Led presentations of SOC Training Range and CSI Linux to interested stakeholders in 4 European countries.

MARBEL ROCKS, UNITED STATES
MARKETING STRATEGY MANAGER   Nov 2020 – Present
- Advised clients on content management, public relations, and marketing strategy.
- Conceived a brand activation campaign for a Miami-based business that went viral and reached over 100 million people, which moved the newly created website to the 1st page of Google in 3 months.

IDC ON NATO, MOLDOVA
PROGRAMME COORDINATOR   Feb 2020 – Feb 2021
- Created and co-managed 2 public diplomacy projects within the scope of NATO's Public Diplomacy Division.
- Organized over 15 events that involved high level participants such as Senior NATO Officers, Ambassadors, the representatives of the national security sector, foreign and national CSOs.
- Developed a 14-month study programme funded by the US Department of State, which built in Moldova the 1st network of journalists trained to elaborate on complex security-linked topics.

PARLIAMENT OF MOLDOVA, MOLDOVA
PARLIAMENTARY ADVISOR   Jun 2018 – Apr 2019
- Represented the cabinet of the the Office of the President of the European People's Parliamentary Group at cross-sector meetings and events related to defence, national and cyber security.
- Drafted legislative amendments that strengthened the cyber security realm for policies such as Moldova's National Defence Strategy and Aviation Security Law.

INSTITUTE FOR EUROPEAN POLICIES AND REFORMS, MOLDOVA
PROJECT COORDINATOR   Aug 2016 – May 2018
- Co-developed 2 editions of the "Debates for Development" project with the financial support of Dutch Ministry of Foreign Affairs.
- Coordinated the development of 8 debate clubs for youth in different regions of the country.
